

LACSON & LACSON INSURANCE BROKERS, INC.

We make insurance work for you

February 8, 2019

Dear Member,

We wish to inform you that as of February 7, 2019, the Department of Health (DOH) has declared an outbreak of measles in the National Capital Region (NCR), certain regions of Luzon, Central Visayas, and Eastern Visayas.

We would like to provide guidance in respect of your healthcare insurance as follows:

- 1. Measles is an illness that is covered by Ateneo de Manila University's health insurance policy.**
2. Measles cases, however, would not be covered once a state of emergency is declared by the DOH or any government agency in a particular area in respect of the measles outbreak.

We have noted that, as of the moment, no state of emergency in relation to the measles outbreak has yet been declared. As such, measles claims would be covered.

We trust this information assists.

Respectfully yours,
